

Step 2: Set Up Recording of Swivl

1. Open the Swivl app on your iPhone or iPad. This will take you to the app's homescreen. Note: If you haven't already, be sure to sign in using your department's username and password. If your department does not have an account, you can create a free one to use for your recordings today.

2. Turn on the Swivl but pressing and holding the power button for two seconds. A green light will turn on.

3. Click the power button on the remote.

4. Click the record button on your remote. This will begin the filming.

5. The Swivl will rotate to the motion of the remote attached to the necklace.
